CareerStaff Rx Insider

EMPLOYEE OF THE MONTH

Please join me in honoring Albert “Rich” Clutter as the CareerStaff Rx employee of the month for August! He has been on staff since December of 2016 and works in the greater Seattle, WA area.

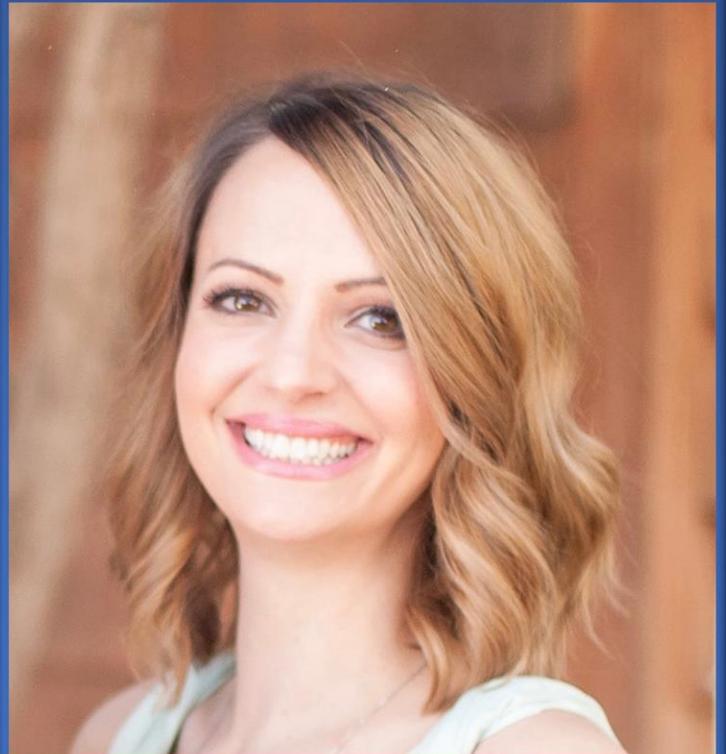

He is hard working, responsive and strives for excellence at each shift. He makes the best of each store he works at – even the difficult ones! We appreciate all of his hard work and so do our clients!

Thank you Rich!

- 1. Where is your favorite summertime activity?**
I love to run and bike.
- 2. What are your top 3 favorite foods?**
Anything Hispanic and the hotter the better
- 3. If you were stranded on a desert island, what is one item you'd be sure to have with you?**
Nestea ice tea I can't live without it.

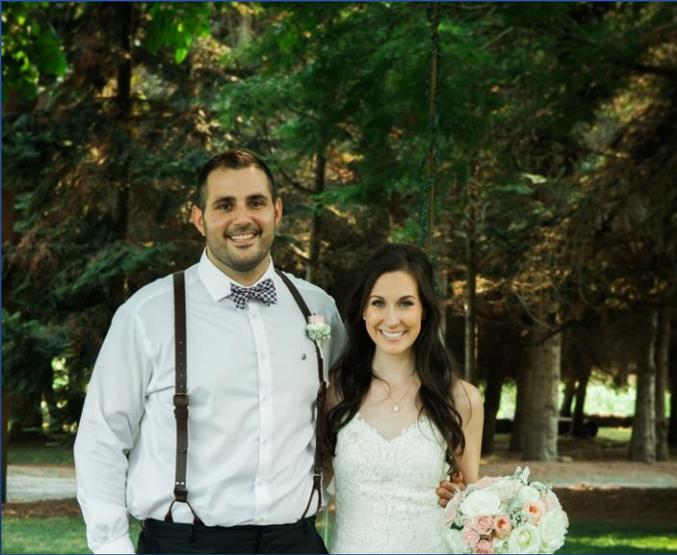

Promotion Announcement!

We are pleased to announce the promotion of **Amber Imiolo** to Area Manager for National Pharmacy. Amber has been with our pharmacy team for just under 4 years and has been a pivotal part of the success we've seen contributing to the exponential growth we have seen as a division.

Amber comes from a management background and is the ultimate team player when it comes to taking care of our staff, employees and clients alike. Our entire team is on board and confident that Amber will continue to develop and progress in her leadership role and make the necessary strides to grow our Seattle office.

Please help me in congratulating Amber on her new role!

Our Staffing Manager Kelly O'Donnell is now Kelly George! We celebrated her wedding on August 11th. They are a happy family with a Golden Retriever, Ranger.

Congratulations!

\$\$ Payroll Reminder \$\$

The CareerStaff Rx work week is Sunday through Saturday. When looking at your paystubs, you will see this reflected on how you are compensated.

Please be sure to submit your timesheets by Monday at 9:00am so we can pay you on time.

Protocol for Pharmacists to Furnish Self-Administered Hormonal Contraception in the State of California

Please follow [this link](#) to read an article talking about Pharmacists that are required to prescribe Birth Control. For more information, please see the California Board of Pharmacy [website](#).

It is very important to follow the procedure of self-screening, review of answers, measuring blood pressure, training in administration and product counseling.

Happy Birthday to the below Technicians & Pharmacists!
